

HB 6519

RIGHT TO KNOW / LABEL GMO !!!

Dear Sir/Madam ~

We, the American people, have the right to know what is in the food we are purchasing and eating. Anything below the standard of knowing if one is consuming GMOs is absolutely unacceptable, and infringes on our rights to Life, Liberty and the Pursuit of Happiness. If an individual in this great country of ours chooses to purchase food made with GMOs, that is their right and choice. At least if it were to be labeled, it would be an Informed Choice.

I have the right as a consumer to not purchase items that include GMO ingredients. As it stands now, I have NO idea if my purchases include GMO ingredients. That's not fair. I have the RIGHT to know what I am buying.

Please stand up for the American People.

Sincerely,

Sarah Batt
